LinkedIn: <https://www.linkedin.com/in/steven-vancourt-cia-08375263/>

GitHub: <https://github.com/StevenVC-P> | Portfolio: stevenvancourt.com

Summary:

Full Stack Developer with 2 years of programming experience. Additionally my background includes military and audit expertise. Proficient in front-end and back-end coding, with a focus on user-centered design in web development and databases. Adaptable and committed to continuous learning in group projects. Strong communication skills, effectively collaborating with technical and non-technical team members to meet end-user needs.

Technical Skills:

Languages: HTML, CSS, ES6 JavaScript, JAVA, SQL

Frameworks/Libraries: Node.js, Express, React, JQuery, Bootstrap

Tools: MySQL, MongoDB, Rest APIs, Axios

Methods: Restful WebServices, Testing, Asynchronous Programming, Pair Programming, Agile methodology

Projects:

ArcaneProxies-

Site: <https://arcane-proxies.com/>

Github: <https://github.com/StevenVC-P/MTGCardAlter>

Technologies: Express, React, Node.js, Rest APIs, DomtoIMAGE, Stability.ai

Summary: Magic the Gathering Proxy generator with AI art

Technical Responsibilities: Developed full stack within a React web app. Major points of the work was styling different templates of cards, and managing card data and images with an SQL database with online image hosting.

Modern Mornings -

Site: <http://morning.stevenvancourt.com/>

Github: github.com/StevenVC-P/modern_mornings

Technologies: JavaScript, CSS, HTML5, APIs

Summary: Search site, a flexible SPA UX design for Mobile or PC, with API calls to Gnews.io and Reddit.

Technical Responsibilities: Set up API call to Gnew.io, styling news cards, and building a display carousel

Swaps -

Site: <https://swaps.stevenvancourt.com>

Github: github.com/StevenVC-P/swaps

Technologies: React Framework, Bootstrap, Axios, Rest APIs, Mongoose

Summary: High quality social media platform for the zero energy swap enthusiast.

Technical Responsibilities: Created the base components, and the functionality of the comments and filter bar.
